Johnson Named To Europe Aid Group

Lloyd A. Johnson, president of the National Motor Bearing Co. of Redwood City, has been named as a member of a nonpartisan national committee for the Marshall Plan to aid European recovery.

Headed by former Secy. of War Henry L. Stimson, the committee, which is composed of 200 prominent business leaders, college presidents, newspaper editors and publishers, and church leaders, is to work for effective aid to Europe through the education of the American public and support of legislation designed to aid the Marshall Plan.

Johnson is at present president of the California Manufacturers' Assn. and last year served on the War Control Termination Committee of the National Assn. of Manufacturers.

Among the other Northern Californians named to the committee are Edward H. Heller of San Francisco; James D. Zellerbach, Roger D. Lapham and William W. Crocker, all of San Francisco; Robert Gordon Sproul, Berkeley, and Paul C. Smith, San Francisco.

Herrscher Estate Sold for $105,000

The highly publicized mansion of Atty. Edmund E. Herrscher at 1201 California St. in San Francisco has been sold for $105,000.

The Nob Hill home was purchased by Robert Watt Miller, Burlingame socialite and president of the Pacific Lighting Corp. The purchase price included furnishings, it was reported.

The house was acquired by Herrscher from his second wife, the late Fannie May Howard Herrscher, divorced wife of Charles S. Howard, millionaire horseman and auto dealer, and played an important part in lengthy litigation in San Mateo County Superior Court in which Herrscher and Mrs. Herrscher's son by a former marriage were fighting for possession of Mrs. Herrscher's huge estate.

Longson Goes to Work in MP, To Decide Spending of Funds

Cecil L. Longson, Menlo Park's first city manager, was put to work this week after his appointment by the city council, and the first job handed him was a pleasant one — that of finding something to do with $8,000 in quarter-cent gas tax money the state wants to spend on El Camino Real.

Longson's appointment by the council at its semi-monthly meeting was made in routine fashion. It followed final adoption of the city manager ordinance. Councilmen, after some discussion, eliminated a provision from the first draft of the ordinance which required that the city manager's hiring and firing of city employes be approved by the council.

The new city manager's salary was set at $590 a month. Under the provisions of the ordinance he was asked to fill temporarily the vacant offices of superintendent of streets and director of parks and recreation.

The job of finding a use for the $8000 the state must spend on El Camino Real this year was given Longson after councilmen discussed two possibilities. Councilman Wallace Brown suggested applying the money on the cost of installing stop lights at the Valparaiso Ave. intersection.

The council last night also:

Approved maps for Oakdell Manor and Brookdale Annex 3 subdivisions which will open 184 lots for residential construction.

Instructed City Atty. James T. O'Keefe Jr. to present signed petitions to the San Mateo County Board of Supervisors for consideration at next week's meeting. Petitions request that the city be allowed to withdraw from the Menlo Park lighting district and form its own district.

Heard a report from the city engineer that the Merrill Ave. drainage project has been completed.

Asked the city attorney to make preparations to place on next April's ballot for the municipal election two proposals:

1. That heads of city departments be taken off the civil service lists and made appointees of the city manager. 2. That a retirement system be set up for city employes. Mayor Charles P. Burgess pointed out that the state law allows cities of the sixth class to raise their tax limit from $1.00 to $1.20 to finance an employee retirement system.

Set two hearings: 1. Nov. 25 at 7:45 p.m. on why unpaid assessments on the Menlo Ave.-University Dr. improvement project should not go to bond. 2. Nov. 25 at 8 p.m. on a new, comprehensive zoning ordinance recommended for passage by the planning commission.

Set Nov. 25 at 8 p.m. as the date and time for opening of bids on $34,974.93 in bonds on the Menlo Ave. project.

Accepted the resignation of James L. Rogers from the civil service commission.

Griffin Praises English People

Frank J. Griffin, director of physical education at Sequoia Union High School, gave an account of his recent European tour at the meeting of the Redwood City Exchange Club this week.

"When it comes to guts, the people of England have it," he declared. "They have been queuing up for nine years. When you sit down to eat you get piece of bread—one. I, for one, am perfectly willing to put up with one meatless day a week if it will help them out."

In Griffin's opinion the Marshall Plan will work. He predicted that there will be confusion and chaos, created by the Communists, but that in the long run the liberty loving people of Italy and France will prevail.

What do they think of America over there?

"America is paradise," he answered.

Griffin was introduced by Jerry Shields.

Fire Hits YMCA Camp; $10,000 Loss

A four-room rustic dwelling at the San Francisco YMCA camp in Jones Gulch was destroyed by fire shortly before noon Tuesday.

Asst. Fire Warden Ernest Werder estimated the loss at $10,000, including most of the furnishings and various Chinese art relics.

William Parker, custodian at the camp, his wife and two-year-old child were in the house when the fire started, probably from the overheated flue of a wood stove.

Parker ran a half mile to the main camp office to telephone the county fire department, and upon his return found the house blazing like a torch. Mrs. Parker had managed to save a few chairs and other belongings.

The county's Pescadero fire crew found the house burned nearly to the ground when it arrived. The camp is 10 miles from Pescadero.

PA Youth Killed En Route to Class

Thomas Walter Fagan, 22-year-old son of Prof. and Mrs. Elmer D. Fagan of Stanford, was killed Monday in an automobile accident on his way to classes at the State Agricultural College at Davis.

Professor Fagan is professor of economics at Stanford, and the family home is at 615 Amherst St., Palo Alto.

The young man was riding in the back seat of a car occupied by Davis students. The car was hit broadside by another car as it turned on the main highway. Heavy early morning fog obscured the vision of drivers of both cars, police reported.

In addition to his parents, he is survived by two sisters living in Palo Alto, Mrs. William R. Grannis and Mrs. Richard H. Hamilton.

He was born in Oklahoma City and has been a resident of Palo Alto for the past 19 years.

Funeral services will be held at 2 p.m. Thursday at the Roller and Hapgood Chapel, in Palo Alto, with the Rev. Don Emerson Hall, pastor of the Menlo Park Presbyterian Church officiating. Interment will be at Alta Mesa Memorial Park.

Stuart Leaves $160,000 Estate

The estate of Theodore M. Stuart, San Mateo resident who died Jan. 14, 1946, totals $160,091, according to an inventory filed in superior court by Inheritance Tax Appraiser James A. Lee.

Mr. Stuart's estate consists principally of stocks and bonds in small blocks, and his home at 327 Fairfax Ave., valued at $27,500.

Included in the estate are several blocks of royalties from oil wells.

Rabid Dog Bites Brisbane Man

Another case involving a bite by a rabid dog was reported today by a rabid dog was reported this week by the San Mateo County

The victim was John Fanucchi, Brisbane. Fanucchi was bitten on Nov. 13 by a large shepherd dog owned by Mrs. Joseph Thompson, also of Brisbane, according to Dr. Charles C. Gans, health director.

The dog died yesterday and its head was sent to University of California laboratories in Berkeley for examination. The health department today received a report that the dog had suffered from rabies.

Fanucchi is to take the Pasteur treatment for the dog bite.

Scouts Begin Yule Seal Drive

Boy Scouts, Girl Scouts and volunteers from YMCA this week are doing one of the biggest friendly jobs of the year in delivering to stores and shops throughout San Mateo County the thousands of posters heralding the official opening of the 1947 Tuberculosis Christmas Seal sale which starts next Monday.

The colorful window cards depict a cheerful Christmas scene in the American tradition and those being distributed here differ from elsewhere in the nation by carrying an additional message of the huge free X-ray program that has already accounted for more than 40,000 chest X-rays of San Mateo County citizens, both children and adults..

The goal for the county in this year's sale of tuberculosis Christmas seals is $37,500.

MP Board's School Bond Plan Gets OK

Seventy residents of the Menlo Park Elementary School district who attended a mass meeting Monday night in the Central School auditorium gave unanimous approval of the school board's proposal of a $300,000 bond issue to finance a neighborhood school at Encinal Ave. and Middlefield Rd. and then entered a controversial discussion over whether or not the board should use the full $2 tax rate if the bonds are voted.

After a presentation of needs of the school district by Melville J. Homfeld, superintendent, four questions were raised by David Ingram, 136 Encinal Ave., Atherton. Ingram asked how much longer Stanford Village will be occupied, whether or not the mortality rate will lower Homfeld's estimate that 932 children now living in Menlo Park will be attending school by 1950, whether it is possible to teach as many as 44 lower grade pupils in a room, and if it would not be better to hold up construction until costs go down.

Teachers do not object to 44 lower grade pupils in one classroom, Homfeld said, but mothers and fathers who want their children to get the best possible education do object.

Homfeld pointed out that costs are duplicated when piecemeal construction is attempted on a pay-as-you-go basis. He said that all he and the board can do is guess when building costs will drop.

Tariff Cut Proposal Brings Fire From Congressman

WASHINGTON (AP) — Rep. Knutson (R.-Minn.) said today the State Department in its "free trade" tariff cuts has sought to tie the hands of Congress against protecting American agriculture and industry from foreign imports.

The statement by Knutson, chairman of the House Ways and Means Committee, indicated a bitter battle in Congress when the reciprocal trade law comes up for renewal next spring.

In his attack upon the new trade accord Knutson said in a formal statement:

"The President and the State Department have announced the most sweeping tariff cuts in the history of the country. Over 70 per cent of our dutiable imports will be affected and almost 2,000 rates of duty covering upward of 4,000 items have been either reduced or bound.

"When the full meaning of these tariff cuts becomes apparent to the American public, the reaction is likely to prove interesting, if not disconcerting to the do-gooders who have traded us off for very dubious and nebulous trade concessions that may never be realized."

Under terms of the Geneva trade and tariff agreement made public by the government Monday night, the United States will make more than 3,500 cuts in import duties as part of a 23-nation pact affecting half the world's commerce.

Belmont's Census Shows Huge Gain

A 300 per cent rise in population in seven years—that's the record established in Belmont.

An official census conducted by the United States government was completed today and shows that the city now has 3869 inhabitants as compared to 1229 in 1940.

Census takers explained that the rise in Belmont's growth has been steady during this period, with approximately half of the rise coming between 1940 and 1943, and the balance in the past four years.

Mayor Harry Walden hailed the figures as advantageous to the city, pointing out that a rise in population will assure Belmont of increased apportionment of the state's tax moneys.

Trial Date Set In Rape Charge

The trial of Randall C. Armstrong, 27-year-old San Francisco lumber worker, on a charge of rape was set for Dec. 16 late Monday by Superior Judge Edmund Scott.

Armstrong was arraigned before Judge Scott and pleaded not guilty. He is accused of attacking Miss Tobey Hanson, 24, of San Francisco, on Oct. 18.

The attack allegedly took place on the county road between Sharp Park and Skyline Blvd., according to Dep. Dist. Atty. Henry Davis.

San Carlos To Air Plans For Center

Chmn. Albert Knorp of the San Carlos Recreation Commission has asked that each club in San Carlos send at least one representative to the commission's meeting tonight, when it will discuss plans for enlargement of present recreation facilities.

Architect Alfred Johnson of San Francisco will be present to explain details of drawings he is submitting for Recreation Center buildings.

Knorp said the commission is aware of the increasing need of recreational facilities, with an estimated child population of approximately 5000.

The commission will discuss a proposal that the group cosponsor a county recreation commission which would serve to bring all the boards of recreation together once a month or so, for combined activities and a check on inter-city schedules.

It is hoped, Knorp said, that some program of competitive sports may be set up by such a county group, giving youngsters a chance to get acquainted and to learn more about playing together in all fields.

A report of grass planting and new wells at the Recreation Center will be given at the meeting. Grass has been planted over all the Recreation Center fields. A well has been dug to supply water for the extensive areas and is now pumping about 1000 gallons an hour, at 100 feet.

Meet some folks whose savings paid for your telephone

Your telephone, and the vast service facilities it represents, was actually bought and paid for by someone like this lady . . . someone with faith enough in the telephone business to invest savings in it. Each telephone requires an investment of about $245 in equipment . . . buildings, cables, poles, switchboards and the like.

Who are they . . . the people who own the Bell telephone companies? Among them are families saving for their children's education, widows, young men investing for their future. Some of your friends are probably among our owners, for there are now more than 715,000 . . . Bell has more shareholders than employees, in fact.

Many employees are Bell System shareholders, too, combining their work and their savings in our program to bring service to all who want it. And this year alone our Pacific Coast construction program amounts to $200,000,000 . . . bringing us still closer to our goal of the finest telephone service for the West.

It takes new Working Dollars . . . millions of them . . . to build the buildings and buy the equipment needed to meet the demand for more service. Millions of dollars for growth do not come from telephone

bills—but from people who are willing to put their savings into the business. To attract these savings we must sell our services at fair prices which allow us to pay reasonably for the use of needed working dollars.

THE Pacific Telephone AND TELEGRAPH COMPANY

More than 60,000 people working together to furnish ever-better telephone service to the West

News of Commuters

BY JOE CABOOSE
(Always Last on the Train)

From the standpoint of attendance, the Commuters dinner meeting at Three Owls Thursday night was a success. It is true "nothing succeeds like success," and the attendance committee is to be congratulated. But unfortunately, (and this is stated with full knowledge we should not do our laundry in the front window) some of the members overtrained for the meeting and spoiled the desired effect of the fine program put on by the telephone company.

★ ★ ★

It sort of takes the heart out of a program committee chairman to work as hard on entertainment as Wayne Burke did on this show, and then find it is not accorded proper attention and respect. But commuters, on their one night a month out, are like children; they sometimes forget themselves. We hope the effect on the telephone company representatives will not be such as to cause another increase in our rates.

★ ★ ★

Commuter George McGaffigan wants to know why Redwood City streets are in worse repair than any city on the Peninsula. We would like to know, too, and respectfully address this query to our new city manager, Mr. Rolison. George says some of the streets are regular "axle breakers," and he can't understand why, with our present high tax rates, they can't be resurfaced.

★ ★ ★

This is turning out to be a gripe column. Our next gripe is about the old movies they are still passing off on the public at top prices. Because of this, plus the fact that some of the new pictures are not fit to be shown, we have cut our attendance from twice a week to once every two months — as a general average. So it burns us to a crisp to run into antiques like the "Housekeeper's Daughter," and the "Ghost of Glaurie Castle," as we did the other night in San Carlos.

One of these pictures was so old that the feminine lead was wearing long dresses from the second last long-dress era. The other picture was so ancient that one of the leading male actors, now a star in his own right, was not even featured; and the old roue, Adolphe Menjou, was playing a young man's part. We expected any minute to see the Keystone cops dash out and pinch the whole cast.

★ ★ ★

It's new if you haven't heard it. . . . The warden at the big house, in a burst of charitable enthusiasm, offered to throw a party for the inmates. He even decided to let them name the type of party. They voted unanimously for an "open house." . . . The master of a quiz program was asked: "Is having children hereditary?" The answer: "If your mother and father never had any children, you're not apt to have any."

★ ★ ★

Personals . . . Mr. and Mrs. Fred Crowe of Long Beach are house guests this week of the Curran-Winklebleck family . . . Don Hughes is back in circulation after a six weeks' layup following an operation . . . Progress is reported in the case of Marty Formico, also recovering from an operation . . . We are anxiously awaiting a report from Bill McKeegan, who is seeing New York City for the first time . . . Jack Welch promised to be guest conductor of this column this week, but failed to show. Maybe we can hook him for next week.

★ ★ ★

A tip to Redwood City real estate operators: Wrex Cruse is said to be walking around with a certified check for $25,000, proceeds of the sale of his little grass shack in Hawaii where he represented TWA before being transferred to the mainland. Wrex is reported interested in locating in or near Redwood City. In case of a deal, any commission accruing to Caboose may be turned over direct to the Redwood City Community Chest.

★ ★ ★

And that reminds us, our Community Chest still has a long ways to go to make its quota. Can we fail in this obligation? If your conscience tells you you have not done your full share, won't you please make an adjusted contribution NOW?

Dr. E. D. Mervy Heads Yacht Club

Dr. E. D. Murvey, 829 Edgewood Rd., took over as commodore of the Sequoia Yacht Club Monday night. Retiring Commodore Harry Greene Jr., handed over the traditional commodore's flag at the Belmont Casino, where the club held its annual meeting. Other new officers: Vice Commodore A. H. Davies; Secretary Jerry Dolan; Treasurer H. M. Scales, and Port Captain Charles Baker. On the board of directors are Charles Merhl, Capt. H. P. Packer and R. N. Belle.

Prior to the installation, William Daniels, retiring port captain, presented the handicap trophy to John Potter, skipper of the "Jack Pot." Second place went to Rene Gaspar, winner of the first place trophy last year.

Mayor W. W. Hilton presented the mayor's trophy to Mrs. Viola Greene and Jean Brickey, winners of the women's handicap. R. L. Spangler presented the Tribune trophy to the snipe class winner, Charles Baker.

Commodore Greene presented an appreciation trophy to Mrs. Elma Armitage, who supervised meals for the yacht club's 1947 parties.

Roy Fredlund was master of ceremonies.

SC City Hall Remodeling Cost Doubled, Councilmen Informed

Inflation hit San Carlos hard this week when estimates of the cost of remodeling the city hall, originally set at between $12,000 and $14,000, were made by Architect Arthur W. Johnson and Mayor Patrick J. Kearns at between $21,000 and $25,000.

The city council voted to overhaul the city hall last July following the defeat of a $90,000 bond issue in June to enlarge and improve the present building.

The city hall project, which grew like Little Topsy, started off with the appointment of a committee to investigate closing the city hall auditorium to public meetings and breaking it up into city offices in order to alleviate a space shortage in the building.

Committeemen Truman S. Waterman and Edward Burton came back with a recommendation to spend about $8000 to remodel the former school house and remove the county free library from the building.

In August the council approved a plan to remodel the city hall at a cost not to exceed $14,000. The plan included improving the interior and exterior of the building, quartering the police department in the old council chamber and county library, moving a number of offices around, and converting the auditorium into a combination council chamber and city court.

Last night councilmen voted to include a $1200 car shelter in the project after which Johnson estimated that the remodeling would "run in excess of $20,000."

Johnson declared that the remodeled city hall should be fairly adequate for San Carlos for from eight to 10 years.

Mayor Kearns estimated the cost of the renovating at about $25,000 but pointed out that the city had saved that much money last year and probably would save an equal sum this year.

The council then voted to publish specifications and advertise for bids on the project.

The present city hall is the former San Carlos School and was purchased by the city in 1932.

Major Doyle Attends Parley

Major Bernard P. Doyle, 429 Duane St., member of the local Air Reserve Assn. chapter, returned Sunday, from Oklahoma City, Okla., the site of the Air Reserve Assn. convention.

The convention was held on Nov. 14, 15 and 16 for the purpose of electing new officers and to discuss organization and training for the Air Reserve Assn.

Transportation to and from Oklahoma City was furnished by the 415th Air Reserve Training Detachment at Hamilton Field, Calif.

20-30 Club Hosts To SF Members

The Redwood City 20-30 Service Club was host to 20-30 Club members from San Francisco at its last meeting, when the visitors invited the local group to attend an annual sport dance in San Francisco.

Next meeting of the local group will be held tonight at the Three Owls.

SM Accountant Named in Divorce

Mrs. Albertis Purdy, 976 Laurel Ave., San Mateo, has filed suit in superior court for divorce, charging her husband, Clarence T. Purdy, an accountant, with extreme cruelty.

Mrs. Purdy is seeking custody of their two children, Alan, 17, and Robert, 12. In addition she asks for a $160 a month maintenance and her share of the community property, which she lists as the home, mineral rights in Fresno and Merced Counties, $4500 cash, insurance and stocks.

The couple was married in Brooklyn, N. Y., on Sept. 12, 1926 and separated Nov. 9.

New Super Mart Opens Today

The Howard Jordan Super Mart, 37th Ave. near El Camino Real in San Mateo, opened its doors last week as part of the Laurel Village business district development.

The $150,000 market, with an area of 6000 square feet, will be managed by Howard Jordan of Burlingame. The meat department will be managed by George Brady of San Francisco, a former San Mateo resident.

The market will be open daily from 8 a.m. to 9 p.m. while the meat department will be open from 9 a.m. to 6 p.m. Monday through Saturday.

SM Supports Small Craft Plan

Support of a plan for army engineer development of a small craft harbor at Coyote Point was voiced Tuesday by both the city council and the planning commission of San Mateo.

The action was taken preparatory to a public hearing to be held in the San Mateo city hall at 2 p.m. Friday by the army engineers to sound out public opinion on development of the facilities.

The planning commission voted to send a letter to the army engineers voicing "approval and wholehearted support" of the project.

Commission Chmn. George Mann also pointed out that the letter should tell the engineers of the commission's new major street plan calling for development of a shoreline boulevard south from Coyote Point to the Shoreview residential area.

This projected boulevard would serve present and proposed facilities at Coyote Point including a complete recreation area which may some day be developed along the bayshore as well as the Municipal Golf Course.

Commodore Andrew Byrd of the present yacht club has urged all those interested in navigation, sailing, and development of the area to attend the army engineer's hearing Friday.

PUBLIC NOTICE

Waldier & Truce, Attys.
CITATION—No. 44312

IN THE SUPERIOR COURT OF the State of California, in and for the County of San Mateo.

In the Matter of the Adoption of Carrie Adoria McCausland, a minor.

The People of the State of California:

To Elmer S. McCausland, greeting:

By Order of this Court, you are hereby cited and required to appear before this Court, at the Court Room, Department No. 1 thereof, at Redwood City in the County of San Mateo, on Monday, the 26th day of January, 1948, at 10 o'clock in the forenoon of that day, then and there to show cause, if any you have, why the petition of Elmer R. Marshall for adoption of Carrie Adoria McCausland, a minor, should not be granted.

Witness, the Hon. A. R. Cotton, Judge of our Superior Court, in and for the County of San Mateo, with the Seal of said Court, affixed, this 20th day of October, 1947.

Attest:
(SEAL) W. H. Augustus, Clerk; by Nina I. Lowder, Deputy Clerk.

Oct. 24, 31; Nov. 7, 14, 21, 28; Dec. 5, 12, 19, 26, 1947.

OPEN EVENINGS AND SUNDAYS

Lt. Wood Returns From Crime Meet

Police Lt. S. D. Wood of Redwood City today had returned from a crime prevention conference conducted by Gov. Earl Warren in Sacramento.

Wood said the session of peace officers and others interested was called because the crime rate in California is increasing at a greater rate than the population increase rate.

Purpose of the session was to give members of five commissions set up by the governor for study purposes an opportunity to ask questions.

Veterans Christmas Group Votes to Incorporate Unit

The Peninsula Christmas Committee for Hospitalized Veterans was the official name adopted for incorporation by the present Veterans Hospital Christmas Committee at its meeting in the San Mateo City Hall with Pres. A. H. Sagehorn presiding.

This action was taken by the approximately 100 representatives of Peninsula organizations who were present. It was explained by the president there had been some misunderstanding with the present name that only veteran groups were included on the committee. Service clubs, labor unions, church groups and social clubs are all members, he said.

This year's Chirstmas plans, he explained, stressed the purchase of a large quantity of gifts for the patients and plans for elaborate outdoor lighting. Mrs. William C. Wise Jr., a Red Cross county official, and purchasing chairman of the committee, was introduced.

It was announced by Joseph Madden of the San Bruno Legion Post that the post and auxiliary of that city would have a booth set up in the near future to collect funds for the committee.

James J. Kehoe, vice president addressing the group, told how his youth was spent in veterans' hospitals where his father was a doctor. He said work on this committee meant a great deal to him. Birger J. Rudquist, chief of special services at the Veterans Administration Hospital in Palo Alto, told how much the Christmas plans meant to the hospital and emphasized that all he was interested in was that the veteran was not forgotten.

Representatives were from all sections of the Peninsula and included such organizations as AMVETS, VFW, legion commanders and auxiliary presidents, Catholic Daughters of America, AWVS, Business and Professional Women's Club, Kiwanis Clubs, Spanish War Veterans, Spars auxiliary, Carpenters Local union, Masonic Club and others.

Others from out of town were Mr. and Mrs. Warren Andrews of South San Francisco, representing the 40 and 8 Societe, and R. L. Batchelor of the Coastside, hospital chairman of the California Dist. VFW and the 26th Dist. Legion Auxiliary.

Gasoline Fumes Cause Service Station Blaze

Redwood City firemen were called to a gasoline fumes blaze at the Richfield Oil Co. station at Main St. and Middlefield Rd. Tuesday morning.

SC Kiwanis Gets Christmas Plan

Plan for a Christmas party was the chief topic of discussion this week when the San Carlos Kiwanis Club met for its regular weekly meeting at the Gables in Belmont.

Sydney Stanislaus of San Carlos was the speaker of the day and addressed the group on "Public Relations." He is California representative for the P. H. Bonnelly & Son Co., and well experienced in his chosen topic.

Plans for the Christmas party include the ladies, according to Ben Pfeiffer, president, and will be held on Dec. 14 at the home of James Martin.

GARDEN: Atherton Man Wants His Articles Dated

BY ROLLY LANGLEY

Ramsey Oppenheim of Atherton says, "What I have on my mind is to make what I think a constructive suggestion. Not being a systematic person, I just can't get in the habit of putting the date on those of your columns I clip for my scrap book. Hence, when I look over some clippings, say on camellias or cucumbers, and it says, 'This is the time, right now, quick, to do so and so.' I don't know whether it was June or December that the column appeared, so the 'now' has become meaningless.

"Why not in your copy for the printer leave a space at the very beginning for the date to be inserted as a date of publication by the publisher on the day he prints it, if you don't place a release date on copy?

"Then all my clippings, and everyone else's, will have the dates on them. There are dates, and dates, and DATES. I mean the last one.

"This letter is not dated, but is written, for your information, on the 7th of November, 1947. Sincerely, Ramsey Oppenheim.

"P. S. Should tuberous begonias be taken out of the ground to dry, or left in until frost knocks 'em over? There's a difference of opinion between nurserymen and some neighbors. The nurseryman says to leave 'em in the ground; which I did last year with success, and which I'm expecting to do this season. R. O."

Begonias do better if water is withheld and the plants forced into dormancy. Then the tubers are cleaned and stored until early next Spring. Now's a good time to call it a season, and take them up, if yours are still in the ground. (Now is Nov. 20).

If this turns out to be a controversial subject in your neighborhood, you can get proof in a season. Leave some begonias in over the Winter, and take out some of the tubers of the same age and size. Plant those lifted in the orthodox manner next Spring. Give them all good alike treament — and check which lot produces the best flowers and foliage. I'll bet on those which are lifted.

Mrs. R. C. Hunter of Sacramento says, "Some one should tell some of the nurseries that when they sell plants they should know what they are selling. I bought the large plants (pictures enclosed) for petunias. What do you think? I called the nursery regarding the matter and the salesman said they were petunias and could be nothing else. Arthur Godfrey said that we have a fine tobacco crop. (Nov. 5.)

"Nov. 11. Sorry, but I don't have much time to write. Our day nursery for 10 little girls is open 11 hours, five days each week. The rose larkspur seeds you sent us have reproduced continually and were all the shades of a rainbow. Each new volunteer was a different color. The last was blue-gray.

"We have a peony that is 5 or six years old. Have moved it twice and fed it. Last year it was full of buds. Some were as large as marbles, but they dried up and not one bloomed. How come?"

Sometimes premature buds will not develop, and tree peonies usually require 7 years from seed to produce flowers. However, bud rot is sometimes caused by blight. A spray with Bordeaux mixture helps prevent this.

"A Concord grape vine planted last Spring got out of hand and before we knew it, had climbed into an orange tree. Will it hurt to pull it loose to tie back to the wire we put up to train the vine on?"

Not at all, once the grape has gone dormant. Just be careful not to hurt the orange tree. Take the vine down carefully.

Holiday Cooking
DONE TO A T ★
when you use an
AUTOMATIC RANGE

There is enough work, goodness knows, preparing the pies and cakes and dressing the turkey with all the trimmings at this time of the year. The actual cooking, baking and roasting should be taken over by a modern efficient range and done automatically by recipe-right time and temperature control.

Be sure to see the amazing new automatic ranges now being displayed by your local dealer. There are dozens of styles and models. Dressed in white and chromium, the new ranges are clean looking and clean cooking. The automatic clock control turns heat on at the right time, builds it up to the right temperature and, when the job is done, turns it off. If you are looking for easier holiday cooking . . . you will want one of the new automatic ranges.
